

MAXIMUM MANEUVERABILITY.

A hand push sweeper boasting intuitive operation in a compact and agile package

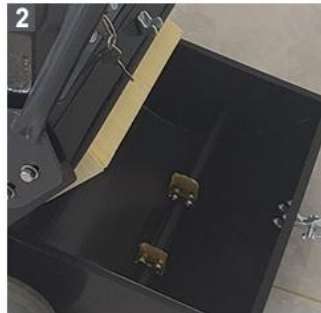

Anrunto 1060

Compact, flexible and intuitive

The 1060 is a battery operated walk behind floor sweeper, which is very suitable for cleaning crowded areas. Its compact design and high mobility make the cleaning speed in narrow spaces, narrow corridors and sharp corners faster than ever before.

1060 floor sweeper is extremely easy to operate and maintain, and has impressive regional performance outdoors, making it be the best choice for cleaning.

1 Control panel

- Clear and simple operation of all components , easy to operate
- Automatic dust vibration, convenient maintenance

2 Smart container concept

- Pull-type dustbin, convenient for dumping garbage
- Metal material, wear-resistant and corrosion-resistant

3 Nylon brush wire

- Wear-resistant and not easy to deform
- The nylon brush has a smooth surface and certain self-lubrication. When it is used as a moving mechanical component, it produces less noise

4 Solid steering wheel

- Easy and flexible turning
- Wear-resistant, pressure-resistant, no need to worry about air leakage

Technical data and equipment.

TECHNICAL SPECIFICATIONS	
Maximum work productivity	4800m ² /h
Forward Speed :	0-6km/h
Cleaning Width :	1060mm
Main Brush Width :	520mm
Side Brush Width :	320mm
Dustbin :	35L
Battery Capacity :	12V/100Ah
Voltage/Rated Power :	12V/490W
Dimensions :	1200*930*950mm
Operation Duration :	>4h
Net Weight/Gross Weight :	100/120kg
